Our European Dispatches.

[BY ATLANTIC TELEGRAPH.]

OPENING OF PARLIAMENT—THE QUEEN'S SPEECH—GENERAL NEWS—MARKETS.

LONDON, November 21.—Parliament has opened and the Queen expressed a hope that Napoleon would avoid complications by an early withdrawal of the Abyssinian expedition. She says Fenianism, suppressed in Ireland, has taken the form of organized violence and murder in England, where it must be suppressed by an enforcement of the law. Addresses from both Houses favor the Queen's speech.

England refuses a European Conference unless a distinct plan is first proposed. Nearly all the members who spoke condemned Napoleon's expedition.

2800 extra policemen and a large number of troops are at Manchester, to preserve the peace pending the executions.

LIVERPOOL, November 20.—Cotton—sales, 10,000 bales; Uplands, 84; Orleans, 84.

Our Washington Dispatches.

PROCEEDINGS OF CONGRESS, ETC.

WASHINGTON, November 21.—In the Senate, several petitions, including one from the negroes of the District, complaining of their discharge on account of voting, and praying for relief, were referred.

The Secretary was ordered to report the documents bearing on or against the repeal of the cotton tax.

Mr. Sumner introduced a bill striking whites from the District laws and ordinances.

Mr. Edmunds introduced a resolution that the public debt, unless expressly otherwise stated, is payable in coin.

The Senate adjourned till Monday.

In the House, the credentials of Mr. Butler, of Tennessee, were referred to the Credentials Committee. Pending the report, Mr. Butler was excluded. The same proposition was made regarding Stokes and Butler, but all of the Tennessee delegates except Butler were sworn in.

Mr. Butler renewed his resolution of inquiry regarding the repeal of the Cotton Tax, which was adopted. It is generally believed here that the Cotton Tax will be repealed.

The Hon. David A. Willis, Commissioner of the Revenue, has prepared a report favoring a repeal of the Cotton Tax.

Mr. Wilson announced in the House that the Committee would be ready on Monday to report on impeachment.

A discussion, on referring the whole question of the Tennessee delegation to the Committee, which was sprung by the Democrats, elicited an angry debate.

Mr. Robinson, of New York, introduced a resolution impeaching Minister Adams for neglect of duty in failing to protect innocent Americans charged with Fenianism in England.

The House adjourned to Monday.

General Gregory has been mustered out, and only General Howard remains of the Volunteer Generals.

Attorney-General Chandler knows no reason why the Davis trial cannot proceed.

The President has granted the request. Chase considers the United States Bonds payable in specie. It is stated that Stevens will support Seward's West India purchases.

Wade repudiates the remarks attributed to him in Grant's disparagement.

Pope's registration expense to October 1st amount to \$175,000.

The Revenue receipts amount to \$388,000. From Customs on the week ending November 16, \$2,370,000.

Special Treasury Agent Randall departs to inspect the new mints in Texas.

Mr. Davis leaves Canada to-day, and goes from New York to Richmond by steamer, arriving at the latter place on the 24th inst.

The Election in North Carolina.

WILMINGTON, November 21.—The election returns are very meagre, but enough has been received to establish the fact that the Convention is called by a large majority, and that the Radicals have elected a majority of the delegates. There are very few negroes elected, but a number of extreme white Radicals. The Conservatives lost many counties in their control by apathy and indifference.

RALPHAM, November 21.—The election returns show 619 majority for the Radicals in the city, and from 800 to 1000 returns in the country. It is certain that the majority will be swelled to 800. The Convention is called in the country by over 1000 votes. Jas. H. Harris, a negro, leads the Radical ticket. Returns from other parts of the State are coming in slowly, but all indicate that the East has gone Radical by a large vote, and the West is no less so.

Orange County elects the Conservative ticket by a handsome majority. Professor Hendricks was one of the Radical candidates for that County, and was beaten.

The Alabama Convention.

MONTGOMERY, November 21.—The following is the article on the election of delegates to the Alabama Convention, as adopted by the "New Constitution."

SECTION 1.—Every male person born in the United States, and every male person who has been naturalized, or who has legally declared his intention to become a citizen of the United States, and being twenty-one years old or upwards, who shall have resided in this State six months next preceding the election, or three months in the county in which he resides, except as hereinafter provided, shall be deemed qualified to vote in the election of delegates to the United States Congress, provided that no soldier, sailor or marine in the military or naval service of the United States shall hereafter acquire a residence by reason of being stationed on duty in this State.

SECTION 2.—It shall be the duty of the General Assembly to provide, from time to time, for the registration of all electors, but the following classes of persons shall not be permitted to register, vote or hold office: 1st. Those who during the late rebellion inflicted, or caused to be inflicted, any cruel or unjust punishment upon any soldier, sailor or marine, or upon any citizen of the United States, or who in any other way violated the rules of the United States, or who in any other way violated the rules of the United States, or who in any other way violated the rules of the United States.

SECTION 3.—All persons, before registering, must take and subscribe the following oath:—"I, —, do solemnly swear or affirm that I will support and maintain the Constitution and laws of the United States, and the Constitution and laws of the State of Alabama; that I am not connected with registration by the laws of the United States, or the principle of the political and civil equality of all men, or of affiliation with any political party."

Resolutions were adopted expressing entire satisfaction with the military administration of Major General John Pope, and tendering him the thanks of the people of Alabama for the firm and impartial course which he has pursued. Three votes were given against these resolutions.

Several clauses of the Constitution were considered and adopted, involving union in secessions in the old Constitution, except in the creation of the office of Lieutenant-Governor. The Convention will probably complete its work this week.
